EXPERIENCE

Uwa Verde, Germany — Frontend developer

August 2025 - Present

- Cross-collaborated with the UI/UX team to redesign the company website for better outreach.
- Demonstrated proficiency in making the company website mobile responsive which helped in the marketing process for getting potential stakeholders.
- Displayed exceptional communication skills with teammates and delivered expected outcomes within the specified deadlines.
- Collected constant feedback from end users to precisely identify their needs and provide technical solutions accordingly.
- Additionally created the member log-in page and currently working on the member-portal dashboard where the employees can post and share information.

Rinteger, India — Graphic Designer

June 2020 - October 2021

- Designed for 20+ clients on projects including brochures, logos, branding, website banners, and marketing creatives aligned with brand guidelines to boost engagement and sales.
- Developed social media creatives and online ad content for Instagram and websites, driving increased traffic and higher conversion rates.

PROJECTS
